CYBER.ORG is a cybersecurity workforce development organization with the goal to provide cybersecurity education to every K-12 student in the United States.

CYBER.ORG focuses on classroom teachers as the force multipliers helping to build the cybersecurity workforce of the future. The Cybersecurity Infrastructure and Security Agency (CISA) supports CYBER.ORG through a grant to develop and distribute elementary, middle, and high school cyber and cybersecurity curricula to educators across the country. CYBER.ORG also provides teachers with hands-on professional development training to facilitate the integration of cybersecurity education into their coursework.

674 teachers enrolled in CYBER.ORG curricula access

91 students served through camps & competitions

26 event(s) held

270 teachers trained to use CYBER.ORG curricula

$29,150 value of technology packages granted

1,245 jobs available in the cybersecurity sector

Data through June 2021
